

Manage Legal Documents

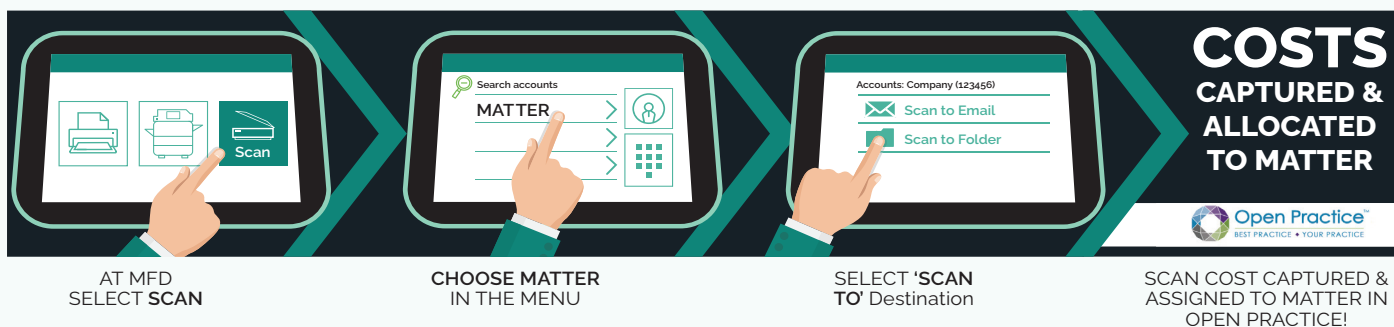

Share print and user account activity between PaperCut MF and Open Practice

- Automate workflows
- Reduce errors
- Recover costs

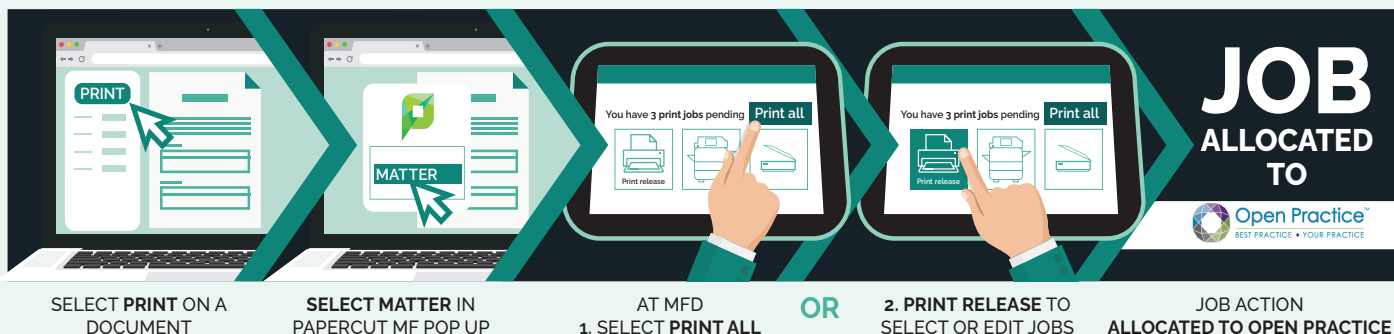

1. Capture and allocate scan costs to a matter in Open Practice

User scans a document at the MFD and selects matter to assign cost to

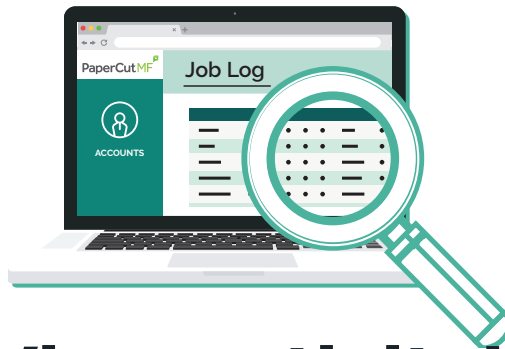

2. Release and print a document against a matter code*

User prints a document using PaperCut MF mobility print to a virtual queue and allocates the job to a matter in Open Practice

* If secure print release is not installed on the MDF the job will be available without further steps at the MDF
